Free Webinar "DG Awareness with a Focus on Lithium Battery"

Date: 13 Dec 2024 (Fri) Time: 14:30 - 16:30 via Microsoft Teams

Language: Cantonese supplemented with English ppt

Speakers: CLG & CAD Representatives

Registration Deadline:
6 Dec 2024 (Fri)
(Pre-registration is required)

Co-Organizers:

Supporting Organization:

AIMS

In view of the latest changes in the requirements of shipping dangerous goods (DG) including lithium batteries by air (effective from 01 January 2025), a FREE webinar is co-organized by Carrier Liaison Group (CLG), Hongkong Association of Freight Forwarding and Logistics (HAFFA), Hong Kong Shippers' Council (HKSC) and Transport and Logistics Training Board - Vocational Training Council (VTC) for the air cargo industry.

Considering that undeclaring, mis-declaring, mis-handling and improper shipping of DG including lithium batteries by air might cause serious consequences, representatives from the Hong Kong Civil Aviation Department (CAD) and CLG will provide attendees an overview of the latest DG requirements in Hong Kong and raising the awareness of the industry, thereby enhancing safety in air cargo transport and maintaining a good reputation of the Hong Kong air cargo industry.
