Willy Lin
Chairman

HKIA has continued to record double-digit year-on-year growth in cargo volume each month this year

- Hong Kong air cargo throughput saw a year-on-year increase of 19.0% to 416,000 tonnes in May.
- Export traffic remains the main driver of the growth, recording a 30.1% increase compared with the same month last year.
- For the first five months, cargo volume rose by 18.0% year-on-year to more than 1.9 million tonnes.
