Serving our community is always at the heart of what OnePort do. OnePort, in partnership with eCOM DataFin, is thrilled to introduce the newest services: **eFreight Pay Later** & **eSPIN Cash**. These offerings in the EzFi solutions portfolio provide exceptional convenience and financial flexibility for our valued customers. **eFreight Pay Later** offers electronic payments with a 'pay-later' option for ocean freight charges (e.g. THC, demurrage and detention charge, documentation fee, and more) directly through the OnePort platform to shipping lines. In addition, **eSPIN Cash** accelerates your cash flow for daily operations, offering unparalleled advantages such as flexible tenor, a simplified application process, no collateral requirements, and more.
